

## Recycling Market Development Program money released

Funding is now available through the Recycling Market Development Program.

In brief, a total of \$500,000 has been released. This money will aid private businesses purchase equipment specifically needed to remanufacture recyclable materials into finished products or industrial feedstocks.

Grants will range from \$50,000 up to \$200,000 with a required 50 percent match. The grant round is expected to be competitive. Businesses that have current ongoing projects through the Recycling Market Development Program will not be eligible. Deadline for submissions is June 30, 2010.

The form is now available, along with instructions and information regarding eligibility criteria, on the [IDEM Forms](#) page. The Recycling Market Development Program is administered by IDEM and operates under the Recycling Market Development Board as established by [IC 4-23-5.5](#). The Board will make all final funding determinations of eligible projects. Approval of funding will be announced at the next Recycling Market Development Board meeting, currently scheduled for August.
